

TOTE RENEW™ LABEL HOLDER

Easily apply and remove barcode labels on all your reusable warehouse totes, bins and containers.

No Scraping. No Label Stacking. No Residue. No Kidding.

ID Label's innovative Tote Renew™ is a laminated label-holder that makes it easy to apply, remove and relabel your reusable containers.

There's no need to scrape, clean or stack old barcode labels, so you eliminate countless unproductive worker hours.

And with more consistently accurate scans, you improve worker productivity and minimize potential errors from manual data entry.

Key Features of Tote Renew

- **Easy Label Removal** – Apply traditional barcode labels to the Tote Renew laminated label holder and easily remove them time and time again. No residue, gunk or labor-intensive clean-up.
- **Reusable** – Durable construction ideal for reusable totes, containers and bins. Extends useful life of totes and supports interchangeable use among your network of distribution centers.
- **Cost Effective** – Eliminates need for costly plastic sleeves or placards to house barcode labels.
- **Reduce Scan Errors** – Avoid potential scan errors—and mistakes from manual data entry—that stem from partially exposed, previously used barcode labels.
